

Apayao

THE MINERAL PROFILE

Region: Cordillera Administrative Region (CAR)
 Province: Apayao
 Municipality: 7
 Barangays: 133
 Population (2015): 119,184
 Income Classification: 4th Class Province
 Major economic activities:
 Agriculture, Tourism, Mining

The Philippine government promotes the rational exploration, development, utilization and conservation of mineral resources guided by its commitment to responsible minerals development.

Location

Apayao is located at the northernmost tip of the Luzon mainland. It is bounded on the east by the province of Cagayan, on the west by Ilocos Norte and Abra, and on the south by Kalinga.

Creation

Apayao was formerly a part of the old province of Kalinga-Apayao. However, on February 14, 1995, Republic Act No. 7878 authored by Congressman Elias K. Bulut of the lone district of Kalinga-Apayao, was passed converting the province of Kalinga-Apayao into two separate and regular provinces: Kalinga and Apayao.

Mineral Statistics

₱ 153 Million or 12.1%

Estimated Gross Regional Domestic Product (GRDP) of CAR. Mining and quarrying registered **₱2.05 Million** at 2000 constant prices. It accounted a downtrend of 2.9% of the total GRDP of the Region

Mineral Commodities

Sand & Gravel

₱ 86 Million

Estimated value of Sand & Gravel produced in Apayao in 2017.

Employment

73 as of December 2017

Workers currently employed by sand and gravel operations in the province of Apayao.

While estimates vary, it is conservatively projected that for every basic job in the mines, about four ancillary/indirect jobs may be generated in the upstream and downstream sectors.

Extraction Fees Collected

₱7.32 Million

Extraction Fees collected for sand and gravel by the province in CY 2017.

Extraction fee is the fee imposed by provinces for the extraction of sand and gravel materials which are directly paid in the Provincial Treasurers Office with sharing as follows:
 40% Barangay; 30% Municipal; and 30% Province

Land Area and Mineral Potential

4,413.35 Hectares

Total land area of Apayao

LIST OF MINERAL PROSPECTS

Type of Mineral	Location	Approximate volume (in metric tons)
Gold	Kabugao and Conner	53,506,734
Copper	Kabugao and Conner	32,147,820
Manganese	Calanasan and Luna	3,000
Rock Phosphate	Calanasan, Conner and Kabugao	14,700
Limestone	Calanasan and Luna	Under study
Shalestone	Calanasan and Luna	27,300
Silicon	Luna	130,700
Pyrite	Calanasan, Conner and Kabugao	32,100
Sulfur Ore	Calanasan and Kabugao	75
Sand and Gravel	All municipalities	4,697,375

Environmental Protection and Management

The Philippine government ensures the adequate protection of the environment, before, during mining operations and beyond the life of the mine.

National Greening Program

Potential area for Rehabilitation
 - total of 57,575 Hectares

Area Planted
 - total of 11,006 Hectares

Seedlings Planted
 - 2,070,839 total of seedlings planted of various species

Social Equity and Development

The Philippine government recognizes the rights and participation of the communities and indigenous peoples and ensures the fair and equitable sharing of benefits among the company, the government and host communities.

“Mining shall be pro-people and pro-environment in sustaining wealth creation and improved quality of life”
