₱ 1.19 Billion

Amount of national and local taxes, fees and royalties generated and contributed to the Philippine economy in 2018 by operating mines, mineral processing plant and sand and gravel in CAR.

Employment

7,832 (As of December 2018)

While estimates vary, it is conservatively projected that for every basic job in the mining companies, about four (4) ancillary and indirect jobs may be generated in the upstream and downstream sectors.

The emergence of small enterprises/businesses in the host and neighboring communities due to the presence of mining operations in the area, and the livelihood projects supported by the mining companies, which generate both employment and income, cannot be discounted. These economic activities will naturally stimulate the local economy.

Environmental Protection and Rehabilitation

The Philippine government ensures the adequate protection of the environment, before, during mining operations and beyond the life of the mine.
